# Corn Salad Varieties

## BARON

- Dark green leaves
- Vigorous with continuous growth in winter
- Upright habit for easy handling
- Very good shelf life
- Wide harvesting window
- Highly resistant to yellowing

## BISON

- Strong, dark green leaves
- Most vigorous variety in the range with high yield potential
- Upright habit with green cotyledons
- Very good shelf life
- Ideal for spring and late-season cultivation
- Seed size > 2.5

## ODEON

- Stable, dark green leaves
- Upright habit for easy handling
- Vigorous with high yield potential
- Ideal for spring and late-season cultivation

## CANYON

- Very compact variety with extended harvesting window
- Very good resistance to tip burn
- Healthy, strong leaves
- Can form side shoots, giving an improved yield
- Very good shelf life after harvesting
- Stable leaf quality during processing
- Ideal for cultivation under cover

## VISION

- Vigorous and compact, with strong leaves
- Resistant to tip burn
- High yield potential
- Long harvesting window, stable leaf quality during processing
- Suitable for spring, summer, and autumn

## SENSATION

- Semi compact variety with wide harvesting window
- Can form side shoots, giving an increased yield
- Ideal for cultivation under cover
